## "HE FLEETH AS A SHADOW"

- Like the corn before the sickle, we are dropping day by day; like the vapour of the morning, we are vanishing away.
   Day of days, etc.
- 3. Like the ship upon the ocean, like the shadow on the hill, like the leaf upon the river, we are moving, moving still.

  Day of days, etc.
- 4. Never halting, never resting, we pursue our solemn way; no retracing, no returning, not an instant's pause or stay. Day of days, etc.
- 5. Life, oh, whither art thou drifting into gloom, or into light?Upward movest thou, or downward into noon, or into night?Day of days, etc.
- 6. See the cross of Christ still standing!
  See the blood yet flowing down!
  See the love that waits to bless thee
  in the ages yet unknown!
  Day of days, etc.
- 7. Hear the words of life undying, in a dying world like this; hear, and live; become immortal, take the everlasting bliss.

  Day of days, etc.
