SLEEP IN JESUS

They fell asleep! And, round their peaceful bed, Jesus the curtains of the grave has with his own hand spread.

3. And yet they wake! Theirs is a waking sleep, in him whose faithful love shall watch, and his beloved keep.

4. No troubled dreams! Sweet is the rest they take, in conscious fellowship with him in whom they sleep and wake.

5. Farewell, we say, until the morning light; brief are the hours of such a sleep; beloved ones, good-night!
