## FOLLOW THOU ME

- 2. Through good report and bad I would press on, in sorrow and in joy on thee would lean; give me the faith that sees the battle won, and places me amid the bright unseen.
- 3. When all is calm, I clasp thy loving hand. When storms encompass me, in thee I hide; peril is safety when in thee I stand, darkness is light when thou art at my side.
- 4. Fightings without and fears within I have, for this is not the kingdom nor the home; in every conflict make me true and brave, in thee and through thee may I overcome.
- 5. In days of weakness give thy strength to me, in hours of weariness be thou my rest; when earthly love gives way, still let me be in thy unfailing love divinely blessed.
- 6. Let thy perfection wholly cover me, absorbing all my darkness in thy light, transfiguring this low deformity into a comeliness divine and bright.
