THE LIGHT OF THE RISEN ONE

2. Let thy cross upon us shine, with its love and power divine; beams of everlasting grace flowing to us from thy face.

3. From thy grave let light come forth, breaking o'er a darkened earth; resurrection-light and peace, resurrection-joy and bliss.

4. In thy life alone is light, and without it all is night; from the darkness of the tomb, Light of life, arise and come.
