

2. Light of the world, light up my heart! be thou my everlasting Sun; thy brightness to my soul impart while through this waste I wander on.

3. Light of the world, thy love is all I need to guide me through the gloom. The way is dark; on thee I call, a pilgrim passing to the tomb.

4. Light of the world, oh, speak to me, in this rough scene of change and strife!Say, "I will keep and comfort thee; I am the Way, the Truth, the Life."
