## I WOULD SEE JESUS

2. Earth's sun is bright, but not so bright as he; earth's flowers are sweet, but he is sweeter far.His is the fairest form of all I see; his voice is melody without a jar; his face the joy and light of the fresh morning star.

3. I would see Jesus in the day of gloom, when comfort from the feeble lips of men is all in vain; when by the open tomb I stand, and ask with pleading voice, "Oh, when shall it unclose and give me back my own again?"
